

Khalsa E-Vehicles Pvt. Ltd. –

Where innovation meets sustainability

With over a decade of expertise in electric mobility, we've grown into one of India's most trusted names in eco-friendly transportation. Our mission is clear: to make clean, reliable, and affordable electric vehicles a part of everyday life.

From bustling city streets to remote rural roads, Khalsa EVs are redefining how India moves—silently, efficiently, and sustainably.

With a robust network of 250+ authorized dealers across India, we ensure swift support and seamless service for our customers.

Our vehicles are approved by State RTOs in 18 states, a strong testament to our commitment to quality, safety, and government compliance.

At Khalsa EV, we're not just building vehicles—we're driving a movement. A movement toward a cleaner future. A smarter commute. A stronger India.
